Sir:

In response to the Office Action dated November 28, 2001 constituting a requirement for restriction in the above-identified application, election is made to prosecute the claims in the Examiner's Species V, (i.e., Figures 30-31). As described in the Specification at page 89, line 32 to page 90, line 22, the vehicle control procedures executed in step S609 of Fig. 31 include any of the control procedures described in the embodiments of Figures 1 to 25.
